Facilities and Amenities

At the Andover YMCA, members can enjoy an impressive ****swimming pool**** equipped with multiple features, including a leisure pool perfect for young

children. With slides and a zero-entry area, this space is genuinely **good for kids**, ensuring they have fun while staying active. Additionally, the facility houses a **sauna** and a **hot tub**, providing relaxation and recovery options after a workout. The **basketball court** available at the YMCA is another highlight, hosting various games and activities throughout the week.

Membership is required to access these facilities, which often leads to feedback from members regarding the accessibility of certain areas during peak times.

Child Care Services

For parents looking to maintain their fitness routine, the Andover YMCA offers **child care** services through its "Kids Stuff" program. This ensures that parents can work out while knowing their children are engaged in a safe, fun environment. It features a **wheelchair-accessible entrance** and a **wheelchair-accessible car park**, ensuring that individuals with mobility challenges can easily access all facilities. This commitment to accessibility extends to program offerings and service options available to all members.

Member Experiences

While many enjoy the **clean** and well-maintained facilities, several reviews express concerns regarding overcrowding during certain activities, such as swimming lessons. Some members have noted that, although the amenities are excellent, they often feel limited by capacity restrictions, especially when it comes to the **lap pool**. Feedback highlights that some days, the pool can be filled beyond capacity, making it difficult for members to utilize the space effectively. Members have also expressed frustration with inconsistent customer service experiences, particularly at the front desk.

Final Thoughts

In conclusion, the Andover YMCA offers a robust selection of activities and amenities designed to support community health and engagement. While some aspects could benefit from improvement, such as enhancing accessibility during busy hours and addressing customer service training, the facility remains a popular choice for families and individuals looking to incorporate fitness into their lives.
