weeks I decided to join a gym and strong to have more choices and varieties. Then eventually I ventured into Tone & Sculpt.

I now looked for more VARIETY

As I noticed the changes in me physically, I was blown away by how much stronger I got. My upper body strength used to be so weak with arms having no definition, now I have defined muscles and toned arms and legs. I used to not be able to do one full push up without collapsing half way down, I now could do 10!!! (I know what's the big deal right? But it's a HUGE deal for me coming from 0 to 10! HUGE!!). The stronger I get, the more comfortable and confident I feel in my body and its capabilities.

make it happen. But I couldn't have done it without joining your gym. I couldn't have done it without so many different varieties of group classes I get to choose from and all the training styles of different fantastic instructors (People at the gym often commented the crazy amount of classes I take on, but I honestly am having a hard time letting any of them go because they all are just so impactful to me). I couldn't have done it without the encouragement and nurturing from Susie, the tough love, no nonsense, give it your all approach from April. I couldn't have done it without the members who show up regularly, who hold me accountable when I don't show up and praise me when they notice I am getting stronger. Sierra Flow Fitness is more than a gym for me. It's a community. It's a lifestyle.

The season of gratefulness brings on all kinds of feelings. I can't help but reflect back on the journey I have embarked on, how far I have come along and the impact you and your gym have on my fitness journey...
A little over a year ago, I joined your fitness out of fear after watching a family member fall ill for no particular reason. She was healthy, a fitness enthusiast and ate healthy food... It was a wake up call for me to do something about my fitness. You see... I got lucky with good genes and high metabolism. I never had to worry about weights. I was relatively in good shape. I always claimed I don't like physical pain so joining a gym was
