Gymnastics Center WMGA in Cumberland, Maryland

The **Gymnastics Center WMGA** located in Cumberland, Maryland, offers a range of gymnastics programs tailored for different age groups and skill levels. However, recent feedback from parents highlights both positive and negative aspects of their experiences.

Accessibility Features

One noteworthy feature of the Gymnastics Center WMGA is its **wheelchair-accessible car park**, ensuring that all families can access the facility comfortably. The center prioritizes inclusivity, making it easier for those with mobility challenges to participate in gymnastics activities.

Mixed Reviews on Programs

While some parents appreciate the environment, stating, "I love the gym!! I'm on the xcel teams and they coach so well! 100% recommend," others have expressed concerns about the quality of classes. One parent remarked, "My daughter enjoyed the socialization, but it's a very basic class," indicating that there may be room for improvement in program offerings.

Concerns Over Management and Safety Protocols

Another recurring issue involves communication and safety protocols. A parent described their experience during a COVID outbreak, stating, "They had a covid outbreak that was poorly handled while still charging the parents." This has raised questions about the center's approach to health and safety, which should always be a priority for any sports facility.

Issues with Billing Practices

Feedback also touches on billing practices at the center. A concerned parent reported that staff "took it upon themselves to key enter my debit card" without authorization. Such incidents can lead to serious trust issues and raise concerns about the center's management practices.

Conclusion

The Gymnastics Center WMGA in Cumberland, Maryland, boasts strong accessibility features and enthusiastic coaching staff, particularly for advanced teams. However, parents have voiced significant concerns regarding program quality, communication, and safety protocols, which the management should address promptly. By improving in these areas, the center could enhance the experience for all families and continue to build a positive reputation in the gymnastics community.
